Art Unit: 3651

DETAILED ACTION

1. Claims 7-9, 20-25 and 33 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on December 17, 2004.

2. Claims 1-6, 10-19, 26-32 and 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Bishop, Tonelli, Harper et al or Marchetti.

In Bishop, unload mechanism 22 unloads carrier 15 from conveyor 1. In Tonelli, unload mechanism 28 unloads carrier 88 from conveyor 6. In Harper et al, unload mechanism 38 unloads carrier 28 from conveyor 27. In Marchetti, unload mechanism 2,3 unloads carrier 1 from conveyor a.

With regard to claim 2, note controller 26 of Bishop, note controller 50 of Tonelli, note controller 58, 63 of Harper et al and note controller 4,5 in figure 1 of Marchetti.

With regard to claims 3, 6 and 15, all but Marchetti apply.

With regard to claims 11, 16-19 and 26-29, note column 5 lines 44-73 of Harper et al for load and unload by mechanism 38, 38a. With regard to claim 12, only Marchetti applies.

With regard to claim 31, rail 69, 77 or 80 of Harper et al is a shelf.

With regard to claim 32, note end effector 23 and linear (curvilinear) guide 26 of Bishop, end effector 38 and linear (curvilinear) guide 50 of Tonelli, end effector 38, 38a and linear (curvilinear) guide 58 of Harper et al and end effector 2 and linear (curvilinear) guide 4 or 5 of Marchetti.

Application/Control Number: 10/650,310 Page 3

Art Unit: 3651

3. Claim 3 is rejected under 35 U.S.C. 112 for the following reason.

The claim is rejected under the second paragraph of 112 for being unclear. If claim 2 (from which claim 3 depends) requires the controller to raise the unload mechanism (which requires a velocity in the vertical direction), how can the unload mechanism have zero velocity or a negative or downward velocity as required by claim 3?

- 4. Webb, Wunderlich, Jonsson, Bornstein et al, Bornfleth, Kawamura et al and Waineo are pertinent.
- 5. Any inquiry concerning this communication should be directed to Joseph E. Valenza at telephone number (703) 308-2577. Amendments may be faxed to (703) 872-9306. My normal work week is Monday through Thursday.

JOSEPH E. VALENZA PRIMARY EXAMINER
